

## SUMMARY

Analytical and research-driven professional with 5+ years of experience leveraging descriptive, inferential, and predictive analytics across public health, Finance, and SME sectors. Proven record in developing dashboards, ETL pipelines, and data models that enhance decision-making, reduce reporting lag, and improve program outcomes.

Highly skilled in **R, Python, SQL, Power BI**, and **M&E frameworks**, with a strong commitment to applying data science insights for development impact and evidence-based policymaking.

## CORE SKILLS

- Languages:** SQL, Python, R, & Excel VBA
- Office suite:** MS Word, Excel, Google sheets.
- Data Collection:** G. forms, KoboTool, ODK
- Technical Writing:** Grammarly, Quillbot etc.
- Document typesetting:** LaTeX
- Research:** SPSS, QGIS, Semantic Scholar.
- Monitoring & Evaluation | Statistical Analysis | Data modelling | ETL Processes | Time Series**

## WORK EXPERIENCE

### Data Analyst (Freelance)

- ❖ Bt-Hub Centre for Digital Skills and Innovation
  - Trained 80+ career analysts on R, SQL, Python, and data visualization.
  - Co-Facilitated Data science bootcamps with the team in Zamfara and kano state.
- ❖ Designed and built Business models that improved purchasing decisions and reduced overstock for several SMEs within Kaduna state.
- ❖ Led analysis and presentation Omics data for Florets Centre for advanced genomics and bioinformatics.
- ❖ Trained local Health staff on sampling survey techniques, data collection & quality assessment, and use of SPSS for Fundamental statistical Analysis.

### Training Facilitator

Uzat Global Consulting, Abuja (Hybrid)

Aug. 2025

- Spearheaded the design and facilitation of data analytics and M&E Capacity Building programs, including the flagship masterclass *"Raw data to strategic Insight"*.
- Conducted training sessions on data visualisation, impact measurement, and data-driven storytelling while also contributing to the development of M&E reporting templates, data validation protocols & performance tracking systems.
- Lead the design of data collection tools, surveys, and performance dashboards to enhance reporting accuracy by over 40%.

### AI Data Specialist

RWS Group -UK (Remote)

Jul. 2025

- Performs data annotation, labelling, and linguistic evaluation across multilingual datasets for AI and machine-learning models.

- Conducts data quality checks and root-cause analysis to identify inconsistencies, improving annotation precision and dataset reliability by up to 35%.
- Engages in pairwise comparison tasks, tagging, and content classification, enabling AI models to better recognize linguistic nuances and domain-specific intents.

## Finance/Marketing Analyst

### Moorlick Animal Multi-nutrients

Dec.2024 – Nov. 2025

- Incorporated the *SPC-Six Sigma* to minimise defects and reduce variability to the standard 3.4 DPMO.
- Tracked and reported financial KPI's including budget variance, burn rate, customer churn rate, and cost-effectiveness analyses for supply chain logistics.
- Managed financial accounts, marketing expenses, payroll schedules, cost analysis, and balance sheets to ensure profit maximization.

## Finance/Operations Manager

### Medhal Nigeria Limited

Sep 2022 – Nov. 2024

- Managed NCAT's Cafeteria II services as an independent contractor for 2+ years with a developed structured operational process of a 24/7 cycle.
- Developed an automated stock inventory, Revenue tracking, and record management system to aid data-driven decision-making and timely reporting processes.
- Applied the *Six Sigma DMAIC* method to minimise variations in production, thereby maximising revenue up to a 62% net margin.

## Project Analyst

### Medhal Nigeria Limited

Jun. – Aug. 2022

- Co-supervised the Completion of a 250-capacity cafeteria for the Nigerian College of Aviation Technology, awarded to Medhal Nigeria Limited.
- Managed the procurement and supply of Cafeteria infrastructure for the Nigerian College of Aviation Technology, ensuring compliance and timely delivery.

## WORKSHOPS

---

- Research and Professional Writing Techniques. (*Academic Workshop*)
- Writing Effective Grant Applications. (*Academic Workshop*)
- Adolescent Girl Initiative for Learning and Empowerment. (*Government*)

## CERTIFICATIONS

---

- Statistical Analysis using R and SPSS.
- Datacamp Intermediate SQL.
- W3 Practical Data analysis & Visualization.
- Ethical Publication Practices for Researchers.
- **INFORMS** Professional Analytics Certificate.
- Adolescent Girl Initiative for Learning and Empowerment. (*Certificate of participation*)

## MEMBERSHIPS/COMMUNITIES

---

- Nigerian Association of Data Analyst & Business Intelligence Experts (NSDABIE)
- Chartered Institute of Statisticians of Nigeria (CISON)
- BT-Hub Data Science Community – Community Head

- Floret Emerging Scientist Internship Program (FESIP-2)

## PUBLICATIONS/CONFERENCES

---

- Development TNWED for modelling Breast cancer data (Journal article)
- Cure Fraction Models based on the TNWED for Survival Data; paper presented at the 8<sup>th</sup> PSSN Conference with the theme- “key to Unlocking Nigeria’s Economic Potentials.”

## SELECTED PROJECTS

---

- Designed and implemented automated Excel inventory systems using VBA macros to streamline data entry and reporting.
- Programmed a keyword search bar in Excel for a large HR employee dataset.
- Developed malaria data analysis in R, applying epidemiological metrics, spatial mapping, and trend analysis for health interventions.
- Design and deployment of CRM systems for enhanced customer engagement. (proved to yield efficiency by over 40%)
- Built automated data pipelines using Apache Airflow, scheduling CRM data synchronisation between Google Sheets, email notifications, and sales analytics dashboards.

## VOLUNTEER SERVICES

---

- STEM tutor for pre-university aspirants (ILIYASAWA Foundation, Zaria).

## EDUCATION

---

 Master’s Degree in Statistics Ahmadu Bello University, Zaria	2021 – 2024
 Bachelor’s Degree in Statistics Ahmadu Bello University, Zaria	2013 – 2017
 Computer Software Applications Nuhu Bamalli Polytechnic, Zaria	2012
